Cleveland, there is a temporary shut-down and meantime deliveries of Bes-semer iron are held up. The Amalga-mated association has anyounced a \$5.50

same time advancing the base price on bar iron to 1.5 cents from 1.4 cents.

The sheet and tin plate sales call for small advances, but are not given out in detail. Formal conferences between workers and manufacturers will be held

shortly, but there will be no haste to reach agreement and a good many shut-downs are expected on July 1.

The week's changes in prices begin with pig iron and include several in the finished list. It is expected that a

Korea, he said, should belong to Japan and the Japanese knew it and would fight for it.

New Haven, Conn., June 7 .- E. C. Benedict, the New York banker, who recently returned from a trip with ex-President Cleveland, has written a letter in which he says:

"The gross outrages perpetrated on the good name of the Democratic party by the present managers of a party by that name, with scarcely a vestige of the old Democratic gospel left in it, makes me at present a political orphan. I am practically disfranchised by their action, while their infidelity to Democratic principles has provoked infidelity to the name to such an extent that I greatly fear we can never again succeed under it.

"I am not alone in this orphanage. On the contrary, I have not a single acquaintance among my Democratic friends with whom I have conferred who does not share this feeling with me. It is also very apparent that this political orphanage is not confined to those of our faith. McKinleyism is becoming almost as repugnant to the rank and file of Republicans as Bryanto us. From present appearances it is the only function we can perform in the coming campaign. Soon thereafter Mc-Kinleyism must surely perish as a punishment for its infidelity to all sound principles of government.
